

About Samuel Ogooluwa Adeniyi

Samuel OgooluwaAdeniyi was born on the 11th October 2009 in Lagos-Nigeria in the Year of “Glory to Glory in the Redeemed Christian Church of God”. Samuel who hails from Ogun state is the eldest in the family of three children.

At seven years, he recited the first scriptures, Psalm 103:1-22 to thank God for life, because his early years were challenging, falling in and out of sickness. This outstanding performance elicited some financial rewards from parishioners out of which he sowed with the advice of His parents. Eventually the gift of God became multiplied upon young Samuel who had since then recited couples of scriptures.

In December 2017 Holy Congress, having observed the wisdom of God upon Samuel, His father prayed for more grace upon him to recite the longest chapter in the bible Psalm 119:1-end.

Amazingly, in answer to Samuel’s dad prayers he dazzled the entire congregation as he recited like a colossus, the longest chapter in the bible Psalm 119:1-end (176 Verses) during the Children’s Holy Ghost Service in Service in Simara Camp. This extra ordinary performance of Samuel eight years old had not only endeared him in Christian community, it has also been the talk.

Interestingly, the young genius, same year, launched a video CD of 100 staggered memory verses titled: **Sharper than two edged sword**. During the colourful this colourful occasion, this bright star stunned the attendees as he recited the staggering book of Hebrews (Chapter 1-Chapter 13). I mean the entire book of 303 verses.

Extra ordinary abilities of this young star, has attracted him to the wife of the “General Overseer of Redeemed Christian Church of God” Pastor Mrs Folu Adeboye who awarded him an instant scholarship. She also featured Samuel in the special Holy Ghost Service in April 2019, where he recited Hebrews Chapter 1 – Chapter 7, a programme which was broadcasted via satellite to over a hundred nations around the world.

Samuel started observing a personal devotion since eight years old, using the open Heaven Devotional for teens. He also keeps a devotion book, where he writes memory verses, texts, different words and meanings, summary of messages which he still does till date. Contrary to many opinions, Samuel's academic performance had been greatly impacted, infact at eight he could recite in 1-25 times tables table by heart.

Samuel had a double scholarship he had been reported by over ten media outfits (Prints electronic, social), among which were Dove Television, Nations Newspapers, Live way channels, Redemption Light Magazine, Nairaland, Naija News and so on. Also he had impacted millions of children positively around the world for Christ during his ministrations.
